Lesson Proposal

NETCHE is accepting proposals to produce video, multimedia or Web instructional lessons. The development of the lesson will involve author and/or content specialists in cooperation with production personnel from Nebraska Educational Telecommunications. A review committee representing NETCHE institutions will select proposals to be produced. All lessons are to be completed by June 30, 2003.

Proposals can encompass a variety of academic disciplines similar to the subject areas listed on the NETCHE Instructional Video Catalog Web site (http://netche.unl.edu/catalog/subject.cfm). NETCHE is interested in producing lessons that involve Nebraska topics, content, and perspective.

The lessons will be shared with all NETCHE member institutions. CD-ROMs and video programs will be listed in the NETCHE Instructional Video Catalog. Video segments and Web modules will be placed in the new NETCHE Web-based Learning Community Web site, which is currently under development.
